

Sunday in North Carolina

Bethel Ensemble, Inc.

P.O. Box 282

Olivia, NC 28368-0282

Sunday in North Carolina is a 501(c)(3) Faith-Based Charity officially recognized by the IRS as a public charity on November 4, 2021 as a mission of Bethel Ensemble whose E.I.N. is 86-2994560. We gave ourselves 12 to 18 months to get organized. But the first organizational meeting was held on Tuesday 20 April 2021 at St. Paul Lutheran Church, Salisbury, NC. The next organizational meeting was conducted at St. Francis Anglican Parish in Sanford, NC on July 27, 2021. At this meeting those felt called by the Holy Spirit to establish a new group were Brenda Dasher, Fr. Matthew Garrison, James S. Gibbons, Jr., Dr. Sidney 'Joe' Morgan, M.D., Brendan Mungwena, Chaplain Andrew Krey, Thomas Mitz, Gordy Reese, Cheryl Schmidt, Imelda Tablada, and Shirley Wright. At that July 2021 meeting it was decided that "Our mission is to help Tar Heels make Sunday a very special day for themselves, their family and their community". Furthermore it was said that: "You might have heard: Sunday is for Faith, Family and Football". We believe Sunday is for ***faith, family and far reaching benefits.***"

A little more background

Chaplain Andy Krey served on the national board of the Lord's Day Alliance of the United States (LDA) established in 1888 for 12 years. The mission of the LDA is to encourage all people to recognize and observe a day of Sabbath rest and to worship the risen Lord Jesus Christ on the Lord's Day, Sunday.

In 1969 Chaplain Krey joined the Merchant Marine and served as a crew member in the galleys on American flag supper oil tankers. Since 1973 he has served as a chaplain to the maritime community and International seafarers in the ports of Boston, Houston, Providence, New Haven, New York / New Jersey, and Savannah. He has visited with the crews of all types of ocean going ships - Cruise ships, container ships, chemical carries, fishing vessels, banana boats, submarines, etc. He has witnessed 1000's of crew members speaking to him about how tired they were. For those working on these ships they went ten to 15 months without one eight hour section of time off: over worked, sleep deprived, and under paid not to mention a world away from their families for whom they were sacrificing the "normal" life.

Sunday In North Carolina depends solely upon contributions. We thank you for your interest, prayers and financial support.
